Positive Behavioral Support in the Home and Community: A Bibliography for Families

NICHCY receives hundreds of requests for information about ways to address the challenging behaviors of children with disabilities. We have compiled this bibliography to help families identify the many materials available on the subject of problem behaviors, behavioral disorders, and positive behavioral support. Understanding and utilizing what is known about behavior, including how to provide positive behavioral support, can be the key to working effectively with children and youth who exhibit challenging behaviors.

This bibliography is intended primarily for parents and other family members. (A separate NICHCY bibliography is available on positive behavioral support in schools.) This list identifies selected resources that may help families understand and positively address the behavior challenges associated with disabilities such as autism, attention-deficit/hyperactivity disorder, behavior disorders, emotional disturbance, learning disabilities, and mental retardation.

While the nature of a child's disability can certainly affect his or her behavior, determining *why* the child is behaving in a certain way is critically important. These resources will help parents look at their child within the larger context of his or her environment at home and in the community, identify what factors influence or trigger challenging behavior, and develop an understanding of how to provide the positive behavioral support the child needs to behave appropriately.

Because there are many reasons why children behave in challenging ways, and many different types of behaviors that challenge, we have purposefully included a wide variety of materials on the subject. Additional information may be available in a local library or bookstore. The organizations listed toward the end of this document may also be good sources of information on behavioral issues and children and youth with disabilities.

As with all NICHCY bibliographies, the names, addresses, and telephone numbers of publishers are provided (in alphabetical order) at the end of this document, so that readers can easily obtain those resources of interest to them.

Obtaining the Books That Interest You

To help you obtain the books that interest you, we've listed the addresses and telephone numbers of publishers at the end of this document. The publisher's name generally appears in the final position in the citation — to illustrate, it appears in **bold** in this example citation:

Koegel, L.K., Koegel, R.L., & Dunlap, G. (1996). *Positive behavioral support: Including people with difficult behavior in the community*. Baltimore, MD: **Paul H. Brookes**.

If the word "Author" appears in the publisher position, this means that the publisher and the author are one and the same. Look at the author's name, find this name in the "List of Publishers," and use the contact information provided.

Silberman, M. (1995). *When your child is difficult: Solve your toughest child-raising problems with a four-step plan that works*. Champaign, IL: Research Press.

Stenhouse, G. (1996). *Practical parenting: Successful strategies for solving your child's behavior problems*. New York, NY: Oxford University Press.

Steven, W.H., & McCluskey, K.W. (1996). *Strategies for desperate parents: Managing the challenges of attention deficit and misbehavior*. Lewiston, NY: Marvin Melnyk Associates.

Swihard, Jr., E.W., & Cotter, P.D. (1996). *The manipulative child: How to regain control and raise resourceful, resilient, and independent kids*. New York, NY: Macmillan.
